In Noah's Time

If there had been American Fences standing --he'd have found them still standing after the flood--their "live wires" doing business just as good as ever.

for forty days and nights of blowing and sousing would have been like zephyrs and dew to their wonderful weather-and-water-resisting fence material.

Moreover, Noah could have penned his whole menagerie in an American Fence enclosure, for there's no beast of the field that can jam or ram it down.

Pretty good fence for your farm, Neighbor! You'll find it out, when you see the many different weights and styles

D. B. SHACKELFORD & CO.

Weak Wheat--How to Help It.

"Winter wheat in bad condition" is the general report of the condition of this important cereal throughout the Middle West States. A large percentage of the millions of acres devoted to this crop is reported to be weak and to have been severely injured by adverse wintering conditions. In many places the ground is baking, and still further injury is threatened. Such serious conditions call for immediate action.

The farmer knows that the wheat plant requires heat, air, moisture and available plant food in order to live and make satisfactory growth. The lack of any one of these essentials means death to the crop. As the warm sun of spring heats upon the harvested wheat fields, it causes the evaporation of hundreds of barrels of water per day from a 50-acre field, because the water connection between the surface soil and the water supply below is complete. Now, to stop this evaporation, and to allow air to enter into the soil spaces, the farmer must act quickly if he is to save his crop.

He should roll his wheat field as soon as it will bear a team upon it, and follow this rolling immediately with a light harrowing. If he has a "weeder" he can accomplish a great deal of good by going over the wheat crop with this tool. If he has harrows with adjustable teeth, he should throw these teeth back at an angle of 45 degrees and harrow the field, going back and forward over the field parallel with the wheat rows. This harrowing will not stir the surface deep enough to injure the wheat roots, but will help the soil conditions greatly by preparing a surface, which will break up the water connection in the soil and effectively prevent an injurious amount of evaporation. Always follow rolling with a light harrowing.

If, however, the farmer does not have

made from  
Royal Grape Cream of Tartar

No Alum No Lime Phosphates

a roller, or if he does not think it wise to roll the wheat, he can help the weak wheat crop a great deal by careful harrowing.

The tiny wheat plant needs special nourishment. It should have an abundance of ready available plant food of the right kind to give it a vigorous start and maintain it in vigorous growth. Such help can be supplied by broadcasting 100 to 300 lbs. per acre of a fertilizer analyzing about 3% to 5% Ammonia; 9% to 8% Phosphoric Acid, and 5% to 7% Potash. This should be broadcast or distributed on the wheat through the fertilizer attachment of the wheat drill. If the wheat drill is used, of course, the disks will be left suspended so that they will not cut the young wheat plant. This fertilizer should be put on the wheat just before it is rolled. The harrowing will work it into the soil.

The above operations can be carried on even until the wheat is up 4 inches, without injury to the crop. This practice is common among European wheat growers.

If grass and clover seed is sown upon the wheat field in early Spring, practice of this early cultivation will bury the seed sufficiently deep to insure good germination. The addition of available plant food in the forms mentioned, will greatly increase the chances of a suc-

cessful "catch of grass." By such treatment, weak wheat will be greatly benefited and materially assisted towards a profitable yield of superior quality of grain.--Henry G. Bell, Agronomist.

E. Deatherage will buy your wool and will pay the highest cash prices.

An amateur gardener has furnished us with the following information, which may come in handy this time of year. He says in putting in potatoes, it is best to plant onions alongside, as the latter will bring tears to the eyes of the potatoes and there will be no need of irrigation. He also suggests egg-plant and milk-weed as a good garden combination. Result, custard pie.--Hartford Herald.

sickness, Scott's Emulsion  
increases the appetite and builds  
strength rapidly. Its wonderful  
nourishment assists nature in  
restoring health. All Druggists.  
Scott & Bowne, Bloomfield N. J. 12-7

NO CAUSE TO DOUBT

A Statement of Facts Backed  
By a Strong Guarantee.

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Resall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects; they have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Resall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 25 tablets 25 cents and 50 tablets 50 cents. Remember, you can obtain Resall Remedies in Richmond only at our store.--Perry's Drug Store.

Full Measure.

Growers of strawberries and like fruits are interested in the outcome of an order issued by the pure food department of the State Board of Health that boxes must contain the full measure represented by the size of them. According to the order, a quart must be a quart, or sold according to the quantity under that.

**BALDHEADS**

More Women Are Bald Than  
Men, Says Authority.

This is a startling statement but it's true according to an article published in a standard magazine this year.

One thing is certain PARISIAN SAGE will surely prevent baldness by stopping the hair from falling, but it won't grow hair after the head is bald. Ladies, look after your hair, destroy the dandruff germ with PARISIAN SAGE and dandruff will disappear. It stops scalp itch over night and is guaranteed to be the most refreshing, refined and agreeable hair dressing that can be obtained. Sold by Perry's drug store and druggists all over America for 50 cents.

"My hair was falling out, and I was troubled with itching scalp. I received no benefit until I tried PARISIAN SAGE."--Mrs. George Thunder, R. F. D. 5, Marshall, Mich.

**THE STEARNS & FOSTER  
MATTRESS**

(NAME ON EVERY GENUINE MATTRESS)

THESE BUOYANT  
LAYERS OF COTTON  
STANDING NEARLY  
THREE FEET HIGH ARE  
COMPRESSED TO ONE SIXTH  
THEIR ORIGINAL HEIGHT AND  
ENCASED IN THE TICKING  
PRODUCING A MATTRESS OF  
UNUSUAL SPRINGINESS  
COMFORT AND  
DURABILITY

You will say--

"I never knew a Mattress could be so Comfortable."

That's just what satisfied users of Stearns & Foster Mattresses are saying. You owe it to yourself to have a Stearns & Foster in your home and enjoy rest that is Comfortable, Refreshing, Healthful. A good night's rest on a Stearns & Foster Mattress costs too little for you to put up longer with that old uncomfortable mattress. Stearns & Foster Mattresses are made of Clean, Sanitary Cotton; felted into hundreds of little webs, forming the many layers of Springy, Buoyant Cotton standing nearly three feet high. These layers are then laid by hand and compressed to ONE-SIXTH their original height and encased in the ticking; then tufted to just the proper tension, so as to be soft, yet firm, half yielding to your figure, but supporting it in perfect relaxation.

Come in today and ask us to show you a Stearns & Foster Mattress. We'll gladly do it. A positive guarantee on every mattress bearing the Stearns & Foster name. A most Comfortable and Economical Mattress to buy.
